REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders
of George McKelvey Co., Inc.

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of George McKelvey Co., Inc. as of December 31, 2018, and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of George McKelvey Co., Inc. as of December 31, 2018 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of George McKelvey Co., Inc.'s management. Our responsibility is to express an opinion on George McKelvey Co., Inc.'s financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to George McKelvey Co., Inc. in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Daszkowski, Tompkins, Weg & Carbonella, CPA, P.C.
Daszkowski, Tompkins, Weg & Carbonella, CPA, P.C.

We have served as George McKelvey Co., Inc. auditor since 2005.

The accompanying notes are an integral part of these financial statements.

GEORGE McKELVEY CO., INC.
Notes to Financial Statements
December 31, 2018

NOTE 1: Organization and Nature of Business

George McKelvey Co., Inc. (the "Company") is a corporation organized in 1973 under the laws of New Jersey. The Company is duly registered and approved as a broker-dealer and investment advisor with the Financial Industry Regulatory Authority (FINRA) and Securities and Exchange Commission (SEC) on May 18, 1973 and September 4, 1990, respectively.

NOTE 2: Significant Accounting Policies

Basis of Presentation

The accounting policies and reporting practices of the Company conform to the predominant practices in the broker-dealer industry and are in accordance with accounting principles generally accepted in the United States of America. The Company is engaged in a single line of business as a securities broker-dealer, which comprises several classes of services, including financial planning and investment advisory.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue recognition

Effective January 1, 2018, the Company adopted ASC Topic 606, Revenue from Contracts with Customers ("ASC Topic 606"). The new revenue recognition guidance requires that an entity recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance requires an entity to follow a five step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies a performance obligation. In determining the transaction price, an entity may include variable consideration only to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognized would not occur when the uncertainty associated with the variable consideration is resolved. The Company applied the modified retrospective method of adoption which resulted in no adjustment to retained earnings as of January 1, 2018.

GEORGE McKELVEY CO., INC.
Notes to Financial Statements
December 31, 2018

NOTE 2: Significant Accounting Policies (continued)

Income Taxes

The amount of current and deferred taxes payable or refundable is recognized as of the date of the financial statements, utilizing currently enacted tax laws and rates. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years.

The Company recognizes and measures its unrecognized tax benefits in accordance with FASB ASC 740, *Income Taxes*. Under that guidance the Company assesses the likelihood, based on their technical merit, that the tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires change.

Depreciation

Depreciation is provided on a straight-line basis using estimated useful lives of five years to ten years. Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or the term of the lease.

Statement of Cash Flows

For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.

NOTE 3: Revenue from Contracts with Customers

Commissions

Brokerage Commissions

The Company buys and sells securities on behalf of its customers. Each time a customer enters into a buy or sell transaction, the Company charges a commission. Commissions and related clearing expenses are recorded on the trade date (the date that the Company fills the trade order by finding and contracting with a counterparty and confirms the trade with the customer). The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon and the risks and rewards of ownership have been transferred to/from the customer.

GEORGE McKELVEY CO., INC.
Notes to Financial Statements
December 31, 2018

NOTE 3: Revenue from Contracts with Customers (continued)

Distribution Fees

The Company enters into arrangements with managed accounts or other pooled investment vehicles (funds) to distribute shares to investors. The Company may receive distribution fees paid by the fund up front, over time, upon the investor's exit from the fund (that is, a contingent deferred sales charge), or as a combination thereof. The Company believes that its performance obligation is the sale of securities to investors and as such this is fulfilled on the trade date. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the shares at future points in time as well as the length of time the investor remains in the fund, both of which are highly susceptible to factors outside the Company's influence, the Company does not believe that it can overcome this constraint until the market value of the fund and the investor activities are known, which are usually monthly or quarterly. Distribution fees recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods.

Asset Management

Investment Advisory Fees

The Company provides investment advisory services on a daily basis. The Company believes the performance obligation for providing advisory services is satisfied over time because the customer is receiving and consuming the benefits as they are provided by the Company. Fee arrangements are based on a percentage applied to the customer's assets under management. Fees are received quarterly and are recognized as revenue at that time as they relate specifically to the services provided in that period, which are distinct from the services provided in other periods.

Disaggregated Revenue from Contracts with Customers

The following table presents revenue by major source

Revenue From Contracts With Customers

Commissions	
Brokerage Commissions	608,154
Distribution Fees	109,592
Total Commissions Revenue	<u>717,746</u>
Asset Management Fees	
Investment Advisory Fees	5,580,656
Total Asset Management Fee Revenue	<u>5,580,656</u>
Total Revenue From Contracts With Customers	<u><u>6,298,402</u></u>

GEORGE McKELVEY CO., INC.
Notes to Financial Statements
December 31, 2018

NOTE 4: Fair Value

Fair Value Hierarchy

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a hierarchy of fair value inputs. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1. Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date.
- Level 2. Inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly or indirectly.
- Level 3. Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available; representing the Company's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Investments in securities listed on a national exchange are valued at the last reported sales price on the day of valuation. Securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are stated at the last quoted bid price.

GEORGE McKELVEY CO., INC.
Notes to Financial Statements
December 31, 2018

NOTE 4: Fair Value (continued)

Other assets are securities for which market quotations are not readily available are valued at fair value as determined by or under the direction of the investment advisor in accordance with US GAAP.

The resulting unrealized gains and losses are reflected in the statement of operations. Realized gains and losses from securities transactions are determined on the basis of identified cost.

The Company's management at the year-end has reviewed their assets and liabilities and in their opinion the book value is the same as estimated fair value at December 31, 2018.

NOTE 5: Clearing Broker

Pursuant to an agreement with a clearing broker, the Company is required to maintain a clearing deposit of \$50,000. As of December 31, 2018, a deposit in the amount of \$50,000 for 2018 is included in deposit with clearing organization on the accompanying statement of financial condition.

In the normal course of its business, the Company indemnifies its clearing broker against specified potential losses in connection with their acting as an agent of, or providing services to, the Company. The maximum potential amount of future payments that the Company could be required to make under this indemnification cannot be estimated. However, the Company believes that it is unlikely it will have to make payments under these arrangements and as such has not recorded any contingent liability in the financial statements for this indemnification.

NOTE 6: Bank Loan

Effective August 27, 2008, the Company obtained a line of credit in the amount of \$100,000 from Wells Fargo. All borrowings are collateralized by various assets of the Company and are personally guaranteed by the Officers-Shareholders. Interest accrues at the Bank's prime lending rate (5.50% as of December 31, 2018). There is no outstanding loan balance at the year end.

NOTE 7: Concentrations

All cash deposits are held by one major financial institution in the United States. At various times throughout the year, the Company's cash balance may exceed the Federal Deposit Insurance Corporation insurance limits. The company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to these deposits.

GEORGE McKELVEY CO., INC.
Notes to Financial Statements
December 31, 2018

NOTE 7: Concentrations (continued)

Substantially all of the Company's assets are held at the clearing broker and therefore are subject to the credit risk at that financial institution. The Company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to these assets held at the clearing broker.

NOTE 8: Pension and Other Postretirement Benefit Plans

The Company maintains a qualified retirement program in accordance with Section 401(k) of the Internal Revenue Code. The Company provided a retirement contribution of \$84,764 for the year ended December 31, 2018. The plan provides for an employer contribution of 3% of all eligible employees' compensation.

NOTE 9: Regulatory Requirements

Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the 'applicable' exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2018, the Company had net capital of \$318,546 which exceeded requirements by \$68,546. The Company's net capital ratio was .65 to 1.

NOTE 10: Guarantees

FASB ASC 460, *Guarantees*, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying (such as an interest or foreign exchange rate, security or commodity price, and index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of the indebtedness of others.

GEORGE McKELVEY CO., INC.
Notes to Financial Statements
December 31, 2018

NOTE 10: Guarantees (continued)

Indemnifications

In the normal course of its business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specified potential losses in connection with the acting as an agent of, or providing services to, the Company. The Company also indemnifies some clients against potential losses incurred in the event specified third-party service providers, including sub-custodians and third-party brokers, improperly execute transactions. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

The Company with its clearing agent National Financial Services, LLC has a reciprocal indemnification agreement which holds the Company harmless against any losses, claims, liabilities or expenses including without limitation those asserted by its customers if any employee or agent of National Financial Services, LLC has acted improperly.

NOTE 11: Commitments and Contingent Liabilities

Effective November 19, 2016, the Company entered into a lease with a related party for office facilities for a term of 5 years. The lease agreement requires monthly rental payment of \$9,900 in years one, two and three, \$10,100 in year four and \$10,300 in year five. The Company is responsible for all utilities, insurance, maintenance costs and real estate taxes. The lease expires on December 31, 2021, and it will automatically renew for an additional period of three months per renewal term during which the price will increase based on the average annual increase in the CPI for the preceding year. Rent expense in 2018 was \$118,800.

Future minimum lease payments under the lease for the years ended December 31, are as follows:

2019	118,800
2020	121,200
2021	<u>123,600</u>
Total	<u>\$ 363,600</u>

GEORGE McKELVEY CO., INC.
Notes to Financial Statements
December 31, 2018

NOTE 12: Related Party Transaction

The Company entered into a lease agreement with BR&D Realty, LLC which is owned by its majority shareholders. Based on the agreement, the monthly rent payments of \$9,900 were paid through December 31, 2018.

Total rent expense to related parties was \$118,800 for the year ended December 31, 2018.

NOTE 13: Subordinated Borrowings

The borrowings under subordination agreements at December 31, 2018, are listed in the following:

Subordinated Secured Demand Notes, zero percent due

November 20, 2020	<u>\$300,000</u>
-------------------	------------------

The subordinated borrowings are with related parties and are available in computing net capital under the SEC's uniform net capital rule. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid.

The subordinated borrowings are collateralized by securities pledged by the three principals of the Company.

The fair value of subordinated borrowings is \$453,227.

NOTE 14: Subsequent Events

The Company has performed an evaluation of events that have occurred subsequent to December 31, 2018, and through February 7, 2019, its financial statements were available to be issued. There have been no material subsequent events that occurred during such period that would require disclosure in this report or would required to be recognized in the financial statements as of December 31, 2018.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM ON APPLYING AGREED-UPON PROCEDURES

To the Board of Directors and Shareholders of George McKelvey Co., Inc.

We have performed the procedures included in Rule 17a-5(e)(4) under the Securities Exchange Act of 1934 and in the Securities Investor Protection Corporation (SIPC) Series 600 Rules, which are enumerated below and were agreed to by George McKelvey Co., Inc. and the SIPC, solely to assist you and SIPC in evaluating George McKelvey Co., Inc.'s compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7) for the year ended December 31, 2018. George McKelvey Co., Inc.'s management is responsible for its Form SIPC-7 and for its compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with standards established by the Public Company Accounting Oversight Board (United States) and in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1) Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries, noting no differences;
- 2) Compared the Total Revenue amount reported on the Annual Audited Report Form X-17A-5 Part III for the year ended December 31, 2018 with the Total Revenue amount reported in Form SIPC-7 for the year ended December 31, 2018, noting no differences;
- 3) Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, noting no differences;
- 4) Recalculated the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments, noting no differences; and
- 5) Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed, noting no differences.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on George McKelvey Co., Inc.'s compliance with the applicable instructions of the Form SIPC-7 for the year ended December 31, 2018. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of George McKelvey Co., Inc. and the SIPC and is not intended to be and should not be used by anyone other than these specified parties.
